Wilderness Waterway

A well-marked inland water route runs from Flamingo to Everglades City. Sequentially numbered markers guide you along its 99 miles (160 kilometers). Boats more than 18 feet (6 meters) long or with high cabins and windshields should not attempt the route because of narrow channels and overhanging foliage in some areas. The route takes a minimum of six hours with an outboard motor or seven days by canoe. One-day round trips are not advised. Campsites are available on the route; backcountry permits are required.
