

Preface - AIC 2019

This book of Proceedings contains the accepted papers of the 7th International Workshop on Artificial Intelligence and Cognition (AIC 2018), held in Manchester, UK (School of Computer Science), 10-11 September, 2019.

The series of workshop AIC (<http://www.aicworkshopseries.org/>) was launched in 2013 with the idea of fostering the collaboration between the researchers coming from the fields of computer science,, engineering, psychology, philosophy, neurosciences etc. and working at the intersection of the Cognitive Science and Artificial Intelligence (AI) communities.

The AIC 2019 edition received 16 papers out of which 11 were selected after being peer-reviewed by the Program Committee Members.

We would like to thank the participants of the workshop as well as the Program Committee Members.
