

Preface

It is our pleasure to present you the proceedings of 2nd International Workshop on Intelligent & CyberPhysical Systems (ICyberPhys-2025), held in Khmelnytskyi (Ukraine) in July 04, 2025.

This workshop is organized by Computer Engineering & Information Systems Department of Khmelnytskyi National University with the support of the PUBLIC ORGANIZATION “UKRAINIAN SCIENTIFIC AND EDUCATIONAL IT SOCIETY”.

The ICyberPhys-2025 focuses on all technical and practical aspects of the latest research and results of international scientists and practitioners related to Intelligent Systems, Green Technologies, Smart City & Smart House, IoT-Systems, Computer & Cyberphysical Systems, Security and Protection of Computer & Cyberphysical Systems. This workshop provides opportunities to exchange new ideas, to establish business or research relations and to find global partners for future collaboration. I hope that the workshop results make a significant contribution to the development of intelligent and cyberphysical systems in Ukraine.

International Program Committee has 22 members. 100% of the ICyberPhys-2025 International Program Committee members have more than 15 DBLP papers. There are the representatives of 11 Universities from around the world – United Kingdom, USA, Austria, Slovakia, Poland, and Estonia (City University of London, Oxford Brookes University, Newcastle University, Leeds Beckett University, University of Maine, Missouri University of Science and Technology, University of Vienna, Comenius University in Bratislava, Silesian University of Technology, Tallinn University of Technology, Zilina University) and of 6 Ukrainian Universities (Khmelnytskyi National University, Taras Shevchenko National University of Kyiv, West Ukrainian National University, Lviv Polytechnic National University, Kherson National Technical University, National Aerospace University “Kharkiv Aviation Institute”).

2nd International Workshop on Intelligent & CyberPhysical Systems (ICyberPhys-2025) received 51 submissions from Ukraine and the world. All papers were evaluated by two or three reviewers. Based on the reviews, a rating of papers was compiled. Papers with a positive average scores were accepted for presentation at the Workshop. According to the decision of the International Program Committee, 21 papers were accepted for presentation at the workshop. So, final acceptance rate is 41%.

The ICyberPhys-2025 joined scientists from Ukraine, United Kingdom, USA, Slovakia, Czech Republic, Austria, Spain, Poland, Estonia, France, Egypt, Algeria, Kyrgyz Republic. In general, the representatives from 22 Universities from around the world, and 16 Ukrainian Universities (summary 38 institutions) took part in the Workshop.

We would like to thank the members of International Program Committee and Organizing Committee, and external reviewers for their excellent and tireless work. We sincerely thank everyone for a fruitful work and interesting presentations! We hope that the workshop results make a significant contribution to the development of intelligent information technologies, and information security systems in Ukraine and in the world.
